

2026 Secondary 3 Placement Talk (G1, G2)

(A) Administration

1. What is the requirement for application for Polytechnic Foundation Programme (PFP)?
The eligibility requirement for PFP is an aggregate score for English, Mathematics and best 3 subjects, ELMAB3 of 12 points or better (excluding CCA bonus points) in the Singapore-Cambridge Secondary Education Certificate (SEC) examination.
2. Will the recording be shared?
The recording of this presentation will not be shared with parents. The presentation slides are now available on our school website.

(B) Eligibility and Combination Selection

3. For the Science combination, will there be guidance provided to students on which combination they should take?
For guidance to students on their selection of Physics or Biology subject option in Secondary 3, his / her science teacher will share briefly on the topics that they learn in Upper Secondary after the End Of Year examination.
4. Will teachers share which is the best combination for students?
Every student is different, so the best combination for one may not be for the other. Your child may seek advice from his/her subject teachers or our school's Education and Career Guidance (ECG) Counsellor.
